

SESSIA

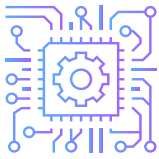

Community Investor
One Pager

SESSIA is a mobile app that integrates a marketplace and social media.

Pros

- **For business** › FREE innovative blockchain-based software: lower advertising expenses, loyal audience growth that stimulates client activity while paying out purchase cashbacks to clients.
- **For clients** › Convenient marketplace integrated into a social media platform: people choose the stores, goods, services they like based on friends' earlier purchases to earn daily cashbacks and kickbacks.

Business issues resolved

Easy e-commerce launch for offline business. Eliminate technical debt

Engage and retain clients with no intermediaries

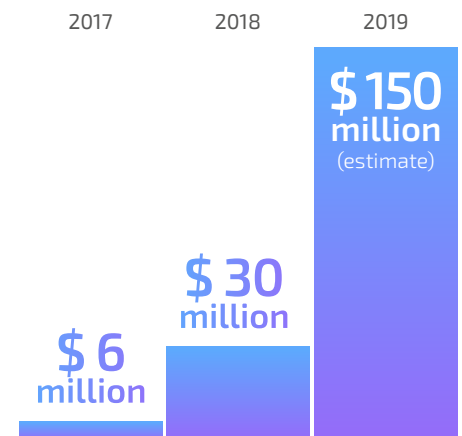

Increase transaction size. Reporting and data analysis
